Dear Sir,

I wish to nominate as a community member on the Denmark Shire's Paths and Trails advisory group. I am an avid horse rider, bike rider and dog walker, and hence use the trails in and around Denmark often. I also have substantial contact with other trail users and community members in my daily work (veterinarian) and also as a member of both the Denmark Equestrian Club and Denmark Dog Club. I have a working knowledge of the current trails available for community use and of the joys and the limitations and problems often encountered with the use of these trails. I would like to help continue to improve access to trails for all community members, and plan for the trails of the future.

In applying for this position I hereby confirm that I will be bound and comply with the Local Government meeting procedures and declarations of financial proximity interest provisions.

Yours sincerely,

Dr. Lisa Clarke

Dear Dale

RE: Nominating as Community Representative on the Seniors Advisory Council

I have lived in Denmark for a number of years and have a great interest in promoting the interests of Seniors in Denmark in the best possible way.

I recently served as the Community Representative on the Committee of the Denmark Age Friendly Community Study which was a learning and enjoyable experience as well as enabling me to contribute to the preparation of the final report. This report has now been adopted by the Council. This involvement has made me aware of the many issues confronting Seniors in our community.

I am active in the Community and am a member of a number of community groups, including Probus, Book Club, Embroidery Guild, Crafty Quilters, and attend the Physio Circuit at the Recreation Centre. If I was appointed it would give me the opportunity to follow the progress of implementing some of the actions that have been adopted by the council from the Aged Friendly Community Report and contribute further to serving the seniors in our community.

I look forward to hearing from you in due course.

Yours sincerely

Jennifer Robinson

Please briefly outline why you are applying for the position (attach additional pages if required)

I have a strong interest in Senior matters due to their personal relevance!!

I have been a member of the Council on the Ageing for a number of years and have served on their Policy Committee and Board of Directors - however I decided my energy was better spent being involved in Denmark than travelling to Perth for meetings.

I also served as a volunteer Peer Educator for COTA - delivering workshops to Seniors re Safe use of Medicine and also Beyond Blue - dealing with depression.

I am a member of Denmark Historical Society and Curator of Oral History - which involves me in interviewing a wide range of senior citizens.

I have also registered with the University of Queensland 50+ Registry which may involve me in research projects and will also keep me up to date on the latest research on ageing.

I have many skills which would be of use to the committee and am particularly interested in the provision of appropriate, innovative housing for Seniors within the community - I feel this is an area that Denmark could develop and become a model community for the country.

Chief Executive Officer
Shire of Denmark.

Dear Dale,
re. membership of the Kwoorabup Community Park Working Group

I wish to nominate for one of the community member vacancies on the above working group, for the following reasons....

1. I have been a community member on this working group since its formation, and would like to continue my participation until all the stages have been completed.
2. I believe my previous participation on the Working Group has given me a good background for making future decisions re. the implementation of the remaining stages of development.
3. I believe my experience as a gardener, plantsman and former nurseryman gives me reasonable 'qualifications' for giving advice in plant selection and landscaping.
4. I am in regular contact with a range of Denmark residents, many of whom are very interested in the park and its development. ...this gives me the opportunity to explain its ongoing development.

Yours sincerely,

Gavin Gray
