Dear Sir

I am applying for the position of Community member on the Disability Services Advisory Committee, the application forms for which you recently sent me. I have been a member of this committee since March this year and have been active in liaising between this committee, Green Skills,(a Denmark-based not-for-profit organisation with a similar mission, regarding including disadvantaged people in community activities) and some members of the community whom I have invited and encouraged to take part in some activities funded by the Shire and by Green Skills, in preparation for the celebration of the International Day of People with Disability.

I have a Post Graduate Diploma in Special Education from Edith Cowin University and, although now retired from teaching, spent about 20 years teaching children and young adults with disabilities. Some of that time was spent in training young people with intellectual disabilities in work skills and supervising them on work experience both in sheltered workshops and in open employment. I have also spent several years teaching children with physical disabilities both in special schools and in mainstream education.

I am currently a Director of Green Skills and I believe that having a closer link with local services, provided for disadvantaged or disabled people, is enabling Green Skills to provide more opportunities for those people, in a more effective way. I have been able to bring to the attention of Green Skills, the needs of the Community as seen through the work of the Disability Services Advisory Committee and at the same time bring to the notice of the Disability Services Advisory Committee the availability of projects run by Green Skills which can involve people with disabilities. As a Not-for-profit organisation, Green Skills is able to apply for funds to run special projects which might enhance the lives of these people. The Disability Services Advisory Committee may have ideas for such projects or pilot programs. If I were reappointed to the Disability Services Advisory Committee, it may be possible for our two groups to work more closely together, in some small ways.

Although I do not have first-hand experience of working with elderly people with disabilities, I have members of my family who are employed in this field so I do have some knowledge gained through them.

I hope you will give my application some consideration.

Yours sincerely

Dale Fewings

20 November 2013

Mr Dale Stewart
The Chief Executive Officer
Shire of Denmark

Dear Mr Stewart

I wish to nominate for a community member vacancy on the Disability Services Advisory Committee.

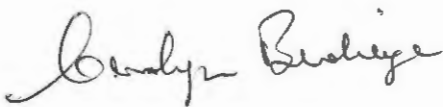

My previous community involvement since moving to Denmark 7 years ago has included: 4 years as a member of the Denmark Hospital Advisory Group; 3 years as an administrative member of the Denmark SES; Past President of the Denmark Probus Club and I am currently the Treasurer for the Denmark Crafty Quilters Group. I am also a member of the Denmark Over 50's Association.

I think the above indicates my keenness to be involved in the community in which I live and to make a contribution.

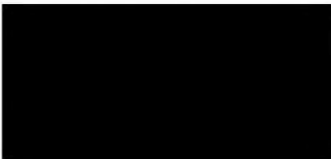

My past working background has included 22 years working for the Cancer Council of Western Australia, of which 6 years were spent with the Heart, Cancer and Arthritis Doorknock Appeal – 3 years as Secretary/Treasurer and 3 years as State Director. Prior to retirement I worked for nearly 10 years with the Cancer Council in an administrative role at the Cottage Hospice in Shenton Park.

My empathy for those in the community who have illness or disability is strong and I hope to have an input into the decision making that could enrich their lives.

Yours sincerely,

Carolyn Birdseye

DAWN COTTAM

In support of my application to become the Community Member on the CBD Development Working Group I am pleased to submit the following:

- My Employer, Denmark Travel supports my Involvement in the Working Group.
- I have lived and worked in Denmark for 9 years and am thus very familiar with the development of the town and the need to aspire to meet the Vision of the Shire.
- I have a good understanding of the facets that drive the Shire which include: Land Use and Town Planning, Economic Development, Environmental Management and the required Services to the Community.
- I am very familiar with the adopted Local Planning Strategy (LPS).
- I am passionate about the need to preserve Denmark's character and lifestyle which can be sustained through careful planning, whilst at the same time acknowledging that Denmark requires a robust economy to meet the aspirations of local business in further development.
- I have met Bruce Smith who for a number of years held the position of Community Member on the Streetscape Group. I have learnt from him the type of role that is required of the Community Member, and appreciated his advice on how best to achieve an outcome both suited to the development of the CBD and the aspirations of the community.
- I look forward to being given the opportunity to contribute positively to the development of Denmark's CBD, to being a proactive member of the Group whilst at the same time being a Team Player.
