Dear Sharon,

**Re: Community Member
Paths & Trails Advisory Committee**

Thank you for your help and assistance in providing me with information to assist me in submitting my application for a community representative position to the Paths & Trails Advisory Committee, duly attached.

Would you be kind enough to forward this to the Chairman of the Paths & Trails Advisory Committee for tabling and discussion at the next committee meeting.

Once again, thank you.

Yours sincerely,

Mr. Roger Seeney

Denmark WA 6333

6th May 2011

Cr Robert Laing
The Chairman
Paths & Trails Advisory Committee
Shire of Denmark
PO Box 183
Denmark WA 6333

Dear Cr. Laing

**Re: Community Member
Paths & Trails Advisory Committee**

On 4th December 2010 I had the privilege of attending the Department of Sport and Recreation Trails Conference held in Perth and at that conference was made aware of the Shire of Denmark's Paths & Trails Advisory Committee.

Due to my interest in this arena I was supplied with details of the Paths & Trails Advisory Committee Charter and also advised that the Advisory Committee composition includes community representation of which there is a vacancy for a Community Representative.

I hereby table my interest and experience and seek to apply for the position as Community Representative on the Paths & Trails Advisory Committee.

- As a resident of Denmark for the past nineteen years and due to my profession, I have a broad knowledge of the Denmark area and of the region at large.
- I do not have any financial or proximity interests to any known trails.
- As the Fire Control Officer for the Somerset Hill Volunteer Bushfire Brigade I have a level of knowledge relating to bush fire hazards and regularly attend Bush Fire Brigade Advisory meetings where I represent brigade issues and concerns.
- As an individual I have always been a user of trails for both hiking and horse riding and I am environmentally conscious in relation to trail use. I am well aware of Denmark's sustainable approach and excellent record relating to planning for the environment
- I am the A/President of the Denmark Equestrian Club and have been a committee member since its inception six years ago.

- I have an Engineering background.

Having read the Terms of Reference I believe that I understand the role required of the Community Representative and the valuable contribution that this role makes to supporting the efficient operation of the Advisory Committee as a whole; and feel that I can fulfil all of the requirements of the role.

I trust that my application will be viewed favourably and look forward to your early reply. My contact numbers should you wish to contact me to discuss any of the above are 08 98409036 or 0427 409036.

Thank you.

Yours sincerely,
