I represent a range of sports such as Soccer, Surf Club, Swimming, and cycling. I am actively involved in these sports and believe	I ca
contribute to long term planning for a wide cross-section of Denmark recreational activity, both organised and unorganised recreat	on.
For example, we could plan for more mountain bike tracks and trails like Margaret River, update the skate park concept to somethi	าg
similar to Fremantle or Busselton, promote paddle sports and easy access to riverways to launch craft. Plan for a safe boat launch	facil
in the region nearby to the township - ocean access. I am a strong supporter of an active community which equals a vibrant and	
healthy community. I see the role of this committee to identify any infrastructure gaps and plan for the facilities which would help	
all ages in our community to remain active or to become active. In applying for this position, I hereby confirm that I will be bound and comply with the Local Government
