Library Opening Hours

Monday, Tuesday, Thursday and Friday 10am - 4.30pm, Wednesday 1pm - 7pm, Saturday 9am - 12pm

2022 is nearly over and the festive season is here! There is no better time to sincerely thank our volunteers, Keetacara, Acaysha, Kit and Angus, who have helped us each week throughout this year. Acaysha and Kit offer valuable assistance with our seed library, Lego sorting and so much more. Keetacara has helped us with cataloguing and covering our new books, and Angus, has completed projects and is always willing to help where needed.

Well done to Crystal who completed her work experience at the library recently.

We have loved getting to know Kaama, our trainee for 2022. It has been a pleasure working with Kaama and we wish her all the best for next year.

Thanks to you, our members, who have supported the library throughout this year. We look forward to the new year and all it has to offer.

We would like to wish everyone a very happy Christmas and all the best for the New Year.

The library will be closed from Friday 23rd December and will reopen on Tuesday 3rd January 2023

Summer Reading Quest

Visit the library and join the new Summer Reading Quest from December 19th 2022 .

Collect adventure cards, reading logs and borrow plenty of books to get started on your quest.

<https://www.summerreadingquest.net/>

Big Bang Science Club

An exciting new science program is coming to the Library.

The program will be a series of hands-on, fun STEM workshops for children aged 5 -12 years. The aim is to increase Science, Technology, Engineering and Maths (STEM) resources in regional Western Australian libraries.

The "Big Bang Science Workshops" from Children's Discovery focuses on using the natural curiosity of children to develop skill, knowledge, and confidence to discover more about science.

Funded by Inspiring WA <https://www.inspiringwa.org.au/> the Library is participating in a pilot program, supported by the State Library of Western Australia, as a partner in the provision of public library services in WA.

Many thanks to Adam Selinger from Children's Discovery <https://childrensdiscovery.org.au/> for providing our training in the use of the resources, which was so much fun.

Keep a look out for upcoming STEM activities at the library, children are really going to love this new program!

Sketchbook Project

Calling all Youth—Unleash your creativity and be part of the 2023 travelling Sketchbook exhibition!

The Sketchbook Project is a collaborative and visual experience that provides an opportunity for young people to share their own personal stories and passions with the wider community across Western Australia.

The project invites young people aged from 12 – 26 to fill up a blank sketchbook with whatever art their creative heart desires – poetry, paintings, drawings, collages, recipes, origami...anything.

This year, the Denmark Library is a Library Hub for Sketchbook Project. Just register interest and pick up the Sketchbook in January.

All submitted sketchbooks will be exhibited as part of the 2023 Youth Week WA KickstART Festival (Friday 14 April – Friday 28 April) at the State Library of W.A. The sketchbooks will then embark on a tour of regional and suburban libraries in an ongoing event called The Travelling Sketchbook Exhibition.

Register here or visit <https://www.propel.org.au/sketchbook-project-2022> by Monday December 19th.

It's time to review the Shire of Denmark Strategic Community Plan!

Have your say!
