The last 12 months have shown me the true spirit and community connection of Denmark. Having lived here with my family for over six years, I want Council to focus on what matters most: delivering sensible, practical outcomes on core local issues, without unnecessary bureaucracy or distractions beyond its remit.

I work as a GP in Denmark, support the ED at our hospital, and hold roles with the College of General Practitioners, helping to attract and mentor new doctors to regional practice. Before moving here, I worked as a GP and hospital doctor in Perth, and earlier served in the Navy and the United Nations. My children attend both the primary and high schools and are active in sport, music and local clubs.

I've also volunteered with the Denmark Surf Life Saving Club, and I'm passionate about our ocean, waterways, boating and fishing. I bring a commitment to open, transparent decision-making and a balanced, community-minded approach.
