Nominating for	Councillor for Town Ward
Election Type	Ordinary

CLARKE, Donald

Thirteen years ago, Ary and I moved with our children to the clean, green, creative paradise of Denmark, as my great-grandparents did in 1895.

Since then, I have become deeply involved at every level of our community - volunteering with local schools, the Mighty Maggies, SES, Community Windfarm Fund, Chamber of Commerce, Environment Centre, and Denmark Arts.

I was instrumental in the sustainable Deco-village, a southern hemisphere first, now our home.

Denmark Shire Council is growing a culture of greater collaboration, transparency, and sustainability. I believe my passion for community building, together with my career skills in business development and governance, can make a valuable contribution to a council that spends wisely and reflects our community's common values and aspirations.
