Owner and Driving Instructor at Denmark Driver Training |
Former WA Police Officer | Volunteer Firefighter | Proud
Father of Two Young Denmarkians

With over 14yrs of dedicated service in the WA Police, I bring a wealth of experience in public safety, leadership, and crisis management. I supervised and mentored junior officers, honing my skills in critical thinking, decision-making under pressure, and communication.

Since establishing Denmark Driver Training, I have demonstrated a commitment to road safety and supporting our community; something I will continue as councillor. Running a successful business has shown me how to manage operations and finances effectively.

I am committed to applying "common sense" and practical solutions to achieve the best outcomes for our community. As an approachable and honest person, I believe in engaging openly with residents and am not afraid to address tough issues. I will serve our community with integrity as a councillor.
