

Additional Information

I'm running for Council to represent you, our community, and to help shape a future for Denmark that honours our Shire's natural beauty, our values and village lifestyle.

CONNECTED

I've been a freelance journalist/photographer for 35 years and you may have seen my work in the local paper or in other publications where I share positive stories about our Shire & it's people. I've lived here for 21 years and my work has connected me to a wide range of issues and community voices & given me a unique insight into the growing challenges of our growing town. I've done part time work in local retail and hospitality businesses & been an educator at several local schools. I'm also familiar with life on the land as I was born and raised on a farm.

COMMUNITY

Community connection is central to who I am. I'm volunteer Vice Chair of the Denmark Community Resource Centre Board & on the policy review sub committee. I support a range of community groups by providing my professional services free of charge & was volunteer Publicity Officer for our local Surf Life Saving Club for several years.

I want to help our Shire navigate growth in a way that's sustainable and community-focused.

I STAND FOR:

Community groups & events that connect us and give us a sense of belonging.

The arts, which bring heart and vibrancy to our Shire.

Responsible tourism that preserves our Shire's character.

Sustainability initiatives that protect our environment & enhance our quality of life.

Policies that consider the whole community & ones that address our future needs.

A Coastal Safety Campaign - to save lives & reduce trauma for our volunteer first responders

Spaces & places that foster connection between residents and the natural environment.

Improved communication & connection between Council and Community.

I'm committed to representing our entire community, from long-time locals to our newer residents.

Let's keep Denmark connected, vibrant and a welcoming place for all.
