Election type	Ordinary
Enrolment status	KIRBY Serena is eligible to stand for election as a resident of the Shire of Denmark.

How do we manage growth while protecting Denmark's natural beauty and character?

I want to help tackle that question.

I'm a self-employed journalist/photographer and resident of 21 years who's written about our community for just as long & gained unique insight into local life. I'm a skilled communicator and attentive listener, eager to better connect Council and Community.

I volunteer on the Denmark Community Resource Centre Board, focusing on policy & governance. I was Surf Club's volunteer Publicity Officer for many years and a long time active member.

I believe in sustainable tourism - being proactive, creative & learning from towns overwhelmed by visitors to avoid that fate. I believe in protecting the qualities that make Denmark great.

I support more affordable housing & facilities and services that promote healthy lives for all residents.

I propose a coastal safety campaign to raise awareness of our dangerous beaches - to save lives & ease the strain on our volunteer first responders.
