What's been happening @ the Library?

The **Seed Library** and plant propagation resources have scaled up with some amazing recommendations from Denmark's Community Citizen of the Year, Mark Parre.

We are very grateful to everyone who has donated seeds to our Seed Library.

It's really is awesome to keep these seed circulating in our community.

This season our **Animal Superheroes - Big Bang STEM workshops** have been SUPER!

While learning about animal adaptations, children from 5 - 13 have enjoyed testing their own powers, and comparing them with the amazing superpowers of animals.

This follows on from our popular Fossils Rock workshop, and we have more STEM fun to come.

These series of Science, Technology, Engineering and Maths workshops are designed to peak the natural curiosity of children in a fun and engaging way, in the library environment.

Inter Library Loans within WA

Changes have been made to the Inter Library Loans process, to provide a more sustainable library service to the WA community.

The process has been reviewed to take into account:

- increased freight costs and environmental impact of transporting materials across the state,
- the increased availability of electronic resources.

If you request a title that is not available in our collection, we will:

Discover the joy of singing with your child!

The Better Beginnings team from State Library of W.A have partnered with the **Telethon Kids Institute** to create the new 'A Rhyme a Day' Growth Course on the **Bright Tomorrows** parenting app, (which can be downloaded free from your App/Play Store or by visiting <https://www.brighttomorrows.org.au/>)
