CRANNY, Michael

Denmark is the best place to live in Australia. We have a vibrant community, facilities supported by talented volunteers and tradespeople. Since moving to Denmark to build my home, I have joined a choir and participated in the Festival of Voices. As a member the Homeless Project Denmark, we have put a proposal to the Shire. Have a look at www.homelessprojectdenmark.com

Why elect me? I am a good listener. I've worked for councils in NSW, Queensland and WA. Let me use these skills in IT and public administration to serve you. As your representative, it'll be my mission to get Denmarkians the best service possible. On my radar is getting good value for money from your rate dollars.

There are so many challenges ahead, locally and globally. Protecting the quality of our environment and improving our standard of living needs tenacity. Let me be your tenacious advocate on Council.
