District	<b>Shire of Denmark</b>
Candidate Name	<b>Kenneth Walter COURT</b>
Ballot Paper Name	<b>COURT, Ken</b>
Nominating for	<b>Councillor for Scotsdale/Shadforth Ward</b>
Election Type	<b>Ordinary</b>

---

## COURT, Ken

Lorraine and I have retired to Denmark as we consider it beautiful and the safest place on Earth. If elected I will be doing all I can to retain the town's wonderful environment.

With experience on several Public Company boards I will bring business skills to the council. In the current low inflation environment rate increases should be close to ZERO. These are difficult times for investors and particularly for retirees with falling income from investments. The council should minimise taxes [rates] and let people get on with their lives without the threat of ever increasing rates.

I support the building of a desalination plant on the south coast to give Denmark a reliable clean water supply and reduce the dependence of dams. LET THE RIVERS RUN.

With communications improving, Denmark is ideally placed to attract smart eCommerce businesses taking advantage of all that the town offers.
