

**Green Waste - Commercial      Non-Contaminated**

Minimum Charge	\$3.00
½ Ute or Trailer	\$4.00
Ute or Trailer	\$7.00
Skip Bins/Large Trailer (2m <sup>3</sup> )	\$15.00
Truck Load (5m <sup>3</sup> )	\$29.00
Truck Load (10m <sup>3</sup> )	\$58.00
Truck Load (20m <sup>3</sup> )	\$115.00

**Green Waste – Residential** (domestic quantities)  
Free

<b>Inert Waste – Building material</b> (excl timber) etc.	
Minimum Charge	\$4.00
½ Ute or Trailer	\$16.00
Ute or Trailer	\$31.00
Skip Bins/Large Trailer (2m <sup>3</sup> )	\$64.00
Truck Load (5m <sup>3</sup> )	\$155.00
Truck Load (10m <sup>3</sup> )	\$308.00
Truck Load (20m <sup>3</sup> )	\$600.00

**General Material** (transfer bins)

Minimum Fee (1 x 120L Mobile Garbage Bin)	\$7.00
2 x 120 L MGB bin or equivalent	\$15.00
3 x 120 L MGB bin or equivalent	\$23.00
4 x 120 L MGB bin or equivalent (Half Ute or Trailer)	\$31.00
5 x 120 L MGB bin or equivalent	\$39.00
6 x 120 L MGB bin or equivalent	\$44.00
7 x 120 L MGB bin or equivalent	\$48.00
Ute or Trailer (8 x 120l wheelie bin)	\$56.00
Skip Bins/Large Trailer (2m <sup>3</sup> )	\$110.00
Truck Load (5m <sup>3</sup> )	\$269.00
Truck Load (10m <sup>3</sup> )	\$523.00

**Fridge degassing**      \$30 each**Used Oil**    Residential Up to 10 Litres      Free  
Commercial/Residential Over 10L    \$0.50 per L**Tyres** (Each)    Car      \$7.00  
Truck/4WD      \$12.00  
Tractor Small/Large    \$25.00/\$50.00**Asbestos Disposal**      \$104.00  
**Plus \$44.00 per m<sup>3</sup>****Vehicle Bodies**    Car/ Trailer      \$15.00/\$12.00  
Truck      \$50.00  
Tractor      \$50.00*Note: All fees include GST***OPERATING HOURS****McIntosh Road Transfer Station****Normal Hours**

Reuse Facility****&****Peaceful Bay****2018/2019****As at 02 August 2018**

Scrap metal dealers make periodic visits to recycle these items.

Car and truck batteries and used engine oil are accepted for recycling at McIntosh Road (see attendant). Please remove tyres, fuel tanks and batteries from vehicles before disposal.

## REFUSE DISPOSAL INFORMATION

The McIntosh Road Transfer Station and Peaceful Bay Landfill are designed and licensed to accommodate a Transfer Station, Drop-Off Centre for Recycling, Inert Waste Landfilling, Asbestos Disposal and Green Waste Disposal.

Please follow the directions of the Site Attendant/Landfill Operator and dispose of your waste in the appropriate areas. This will minimise the amount of movement of heavy equipment to clean up the area, keeping dust/earth movement to a minimum, plus creating a more efficient and cost effective operation.

In the interest of public health and safety, please make sure children and pets do not leave your vehicle.

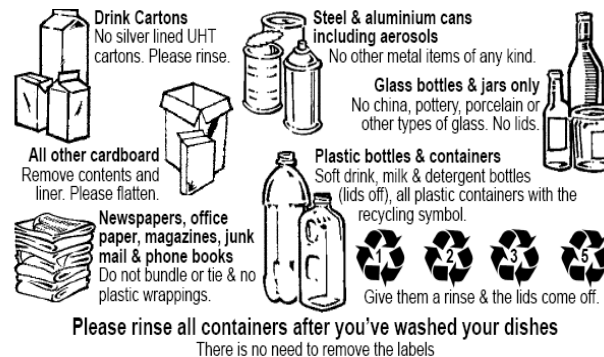

As part of Occupational, Health and Safety and insurance guidelines, but also in the paramount interest of personal safety, the scavenging of materials at the refuse sites is not permitted.

Asbestos disposal requires certain conditions be met by the Department of Water and Environmental Regulation. If you require information relating to the disposal, or a license to cart asbestos, please contact the Department of Water and Environmental Regulation or the Shire of Denmark for details. For information on the disposal of hazardous wastes, assistance may be sought from the Shire by phoning **98480322**.

Motor vehicles, white goods and fencing wire are accepted at both sites. Gas bottles and fridges must be inspected by the gate attendant prior to disposal. Fridges and air-conditioning units must be degassed and gas bottles empty.

The waste disposal fee structure is designed to encourage residents to sort household rubbish prior to disposal to achieve maximum recycling. In doing so, residents will achieve cost savings and contribute to the reduction of waste to landfill.

Recycling is an integral part of the principle of reducing waste to landfill and both sites currently recycle the following items:

**Note:** Soft plastics can be recycled at local collection points and household batteries and light globes/tubes can be recycled at McIntosh Rd Transfer Station.

Green Skills operate the Tip Shop at the McIntosh Road Transfer Station and will accept reusable items at the Site Operator's discretion. For any questions please contact Green Skills on 08 9848 1019 or visit the Tip Shop.

Consumers can do much to help minimise the waste going to landfill and minimise the impact of increases in waste disposal fees.

- Use of Worm Farms or Composting Bins (Available at the Shire Offices at cost price)

- Purchasing products in materials/packaging that is readily recycled.
- Use of alternatives, e.g. landscaping that creates mulched gardens in place of lawns.
- Sorting wastes into different categories prior to disposal. (as listed below).
- Separate recyclables from general waste.

### Waste Categories

1. **Clean Green Waste** – all vegetative material that is not mixed with any other waste type.
2. **Inert Waste (Non-Contaminated)** - Wastes that are largely non-biodegradable, non-flammable and not chemically reactive.
  - Clean fill which consists of rocks or soil arising from the excavation of largely undisturbed material that does not contain harmful contaminants.
  - Building and demolition waste (e.g. bricks, concrete, but excluding timber) being material resulting from the demolition, erection, construction, refurbishment or alteration of buildings or from the construction, repair or alteration of infrastructure-type development such as roads, which is not mixed with any other type of waste, and does not contain asbestos.

3. **General Waste** – is classed as waste that has not been sorted for recycling or to go to landfill. E.g. General household rubbish and non-recyclables. Including treated timber.

4. **Recyclable Waste** – all materials shown in the diagram before, scrap metal and inert waste that can be re-used (note: the Tip shop attendant will establish if product is re-usable or not).

Contact the Shires Waste & Compliance Officer for more information of waste and recycling services on **08 9848 0322** or email [enquiries@denmark.wa.gov.au](mailto:enquiries@denmark.wa.gov.au).
