In council there is strength in difference and diversity. We need people who have walked different paths so we can bring together a range of viewpoints. With your support I will:

- **Care about our community, share things that I am passionate about, listen carefully.**
- **Continue to be environmentally aware following established Sustainable Development Protocols.**
- **Stand for sound financial management, good governance and encourage job opportunities for young people.**
- **Reduce rate burden by scrutinising emerging projects to ensure they are worthy and affordable.**
- **Encourage cultural vibrancy and place activation.**
- **Support farmers and rural residents facing impacts of increased use of roads.**
- **Advocate for solutions to affordable housing and services.**

My personal philosophy is to value honesty, be open to opinion and criticism, robustly advocate community views and accept responsibility for council actions. If elected I will do my best to bring balance and perspective to my local government role.
