SHIRE OF DENMARK
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the period ending 28 February 2026

Note 1: EXPLANATION OF MATERIAL VARIANCES

In line with Regulation 34(5) of the Local Government (Financial Management) Regulations 1996 and AASB 101 - Presentation of Financial Statements, Council has set a materiality threshold for the 2025/2026 financial year. Any difference between budgeted and actual figures that is 10% or more, or \$50,000 or more, must be explained in the Statement of Financial Activity.

Noting that as Council adopts an annualised Budget, the Executive Manager of Corporate Services may vary the month end Budget estimates from time to time to take into consideration the variances with respect to project timing and scheduling to allow for more realistic and relevant comparisons to be made, subject to the total of the Council adopted Budget not being altered.

	Adopted Annual	YTD Budget	YTD Actual	Var. \$	Var. %
<u>Operating Revenue</u>					
Operating Grants and Contributions Income is higher than budget primarily due to Workers' Compensation insurance reimbursements exceeding the budget provision, along with a Water Damage insurance reimbursement. Additional increases arose from an unbudgeted contribution received under the Disaster Recovery Funding Arrangements Western Australia (DRFAWA) for reinstatement works related to a prior storm event, as well as AWARE Program funding for the Bushfire Ready Preparedness Event. These favourable variances were partially offset by the non receipt of BRMC funding following the cessation of the service agreement.	15,548,597	14,430,256	14,786,167	355,911	2.5%
Fees and Charges Year to date income is above budget, primarily due to higher than forecast Recreation Gym revenue and Planning Fees. Additional favourable variances have arisen from Engineering Supervision Fees, Building Licence Fees, and increased income generated through Local Law enforcement activities.	4,054,972	3,635,116	3,862,223	227,107	6.25%
<u>Operating Expenses</u>					
Materials and Contracts The underspend is largely driven by delayed invoicing for recycling services, along with the timing of scheduled road, bridge and facilities maintenance across the Shire, which has shifted expenditure later than anticipated. Additional underspends in sustainability projects, fuel, public conveniences and fire management programs reflect similar timing impacts. These favourable variances are partially offset by overspends in administration building maintenance due to reimbursable insurance repairs, higher plant repair costs, and legal expenses, noting some legal costs are recoverable.	(4,672,819)	(2,837,424)	(2,682,044)	155,380	5.48%
Utility Charges Variances relate to the utilities billing cycle, with some charges (e.g., street lighting billed in arrears) not yet invoiced.	(262,873)	(169,120)	(145,286)	23,834	14.09%
Depreciation Depreciation expense year to date is higher than budget due to newly recognised assets (a non cash item).	(5,717,994)	(3,811,904)	(3,980,308)	(168,404)	(4.42%)
<u>Other Items</u>					
Capital Grants & Contributions Unbudgeted income was received from the DPIRD Small Grants Project for the Mountain Bike Trails Project, and grant income for the Arena Future Fuels EV Infrastructure Project exceeded the original budget estimate.	7,065,882	3,263,234	3,363,870	100,636	3.08%
Capital Expenditure Land and Buildings This variance is primarily due to the timing of works on the Depot Redevelopment project, with an additional underspend arising from the delayed delivery of Energy Efficiency upgrades	(2,175,000)	(1,577,000)	(1,098,511)	478,489	30.34%

SHIRE OF DENMARK
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the period ending 28 February 2026

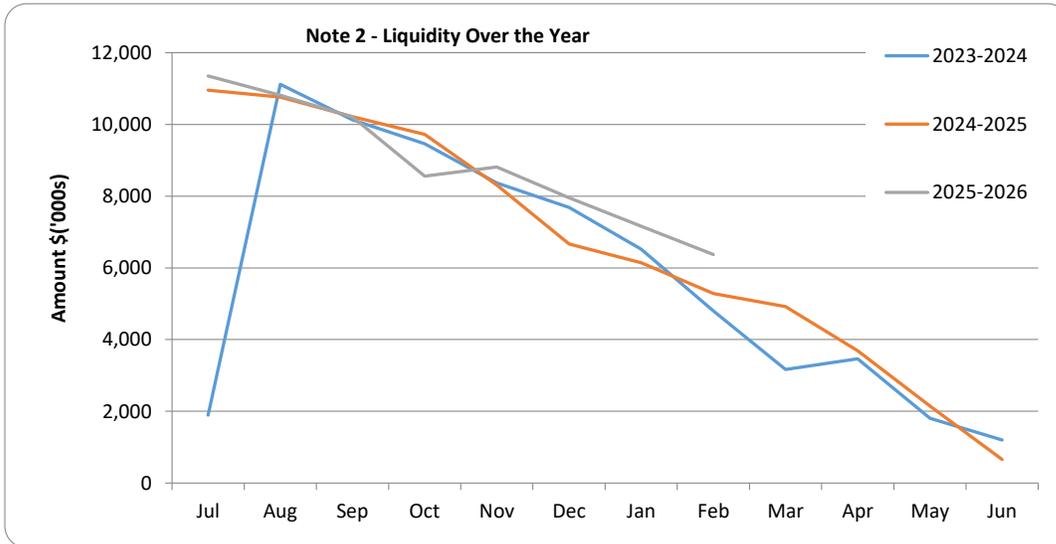

Note 1: EXPLANATION OF MATERIAL VARIANCES

Road Infrastructure					
The variance is primarily driven by the timing of upgrade works for Mount Shadforth, Hazelvale Road, Walter Road and Kernutts Road, which are progressing later than budgeted.	(3,571,500)	(2,207,595)	(1,108,145)	1,099,450	49.80%
Other Infrastructure					
The variance is primarily due to the timing of works on the Hardy Street sewerage, drainage and remediation project, as well as the Berridge Park upgrade. These works are progressing later than originally budgeted.	(3,543,582)	(1,601,582)	(887,848)	713,734	44.56%
Plant & Equipment					
This variance is due to lower than budgeted acquisition costs for new plant items purchased year to date.	(1,361,000)	(172,000)	(130,759)	41,241	23.98%

Comments/Notes - Reserves

The movement in cash backed reserve funds represents interest earned on reserve funds and transfers to and from reserves as adopted in the budget. The more significant transfers are normally performed towards the end of the financial year to coincide with the completion of the capital works program to which most transfers relate.
