- 1. Page 7 item 8.4, within the committee decision, replace the words “last report” with the words “past reports”

CARRIED UNANIMOUSLY: 5/0

REASON FOR CHANGE

The Committee sought to clarify that the reports that were the reports from 7 May 2015 and 3 August 2017, which were the reports compiled by the Governance Coordinator who was the secretary of the Disability Advisory Committee at that time.

**6. REPORTS**

**6.1 REVIEW OF ACROD PARKING AND SIGNAGE**

The Administrator Technical Services, Lindsey Heymans presented to the committee maps of parking bays in the Central Business District (CBD) of Denmark, indicating areas of parking and the future developments.

Lindsey updated the committee with works in progress being:

- Reallocation of ACROD signs on Hollings Road
- Review of parking bays on Hollings Road opposite Ravens coffee
- Inclusion of a new ACROD parking bay on Strickland street outside Massimo Pizzeria
- Review of parking at the Denmark Library

Lindsey suggested that the Committee formulate a “wish list” of five (5) parking bays that they think require improvement or development to aid with accessibility in the CBD. Lindsey highlighted that whilst the “wish list” would be a good way for the committee to communicate their desire to Shire Officers, it would not guarantee the improvements as it would be subject to budget and competing priorities.

Lindsey confirmed the Shire has guidelines which are regularly updated for the process in creating new parking bays.

Outcomes:

*The Community Development Officer, Rosie Arnephie will circulate regulations for parking bays to the Committee.*

<b>COMMITTEE DECISION</b>	ITEM 6.1
MOVED: PETER BOYES	SECONDED: MARJO HANNELE
That the Deputy CEO / Director of Assets and Sustainable Development and Administrator Technical Service be invited to attend the next walkabout, date to be confirmed, to discuss parking areas that require improvement.

**6.2 LIGHTS BEACH DISABILITY IMPROVEMENT UPDATE**

The Manager of Projects, Damian Schwarzbach acknowledged previous issues for disability access at Lights Beach, however, noted that the topography of Lights Beach would make it impossible for the Shire to provide beach access.

Areas of improvement for disability access and facilities in the new plan are:

- All ability access to toilets
- Three (3) additional parking bays
- Access ramp to lookout areas

Emma Reily thanked Damian for the implementation of these facilities at Lights Beach noting that the upgrade makes visiting a lot more pleasant and enjoyable.

Marjo Hennelle asked whether there could be any improvement of access at William Bay.

Damian advised that the beach access and facilities at William Bay were the responsibility of the State Government.

**6.3 OCEAN BEACH PRECINCT PLAN UPDATE**

The Manager of Projects, Damian Schwarzbach advised the committee that the Ocean Beach Precinct Plan was conceptual only and subject to further investigation and detail. Damian advised also that recent weather had caused serious damage

and erosion to the area requiring the Concept Plan to be revisited including further consideration of all abilities access.

Emma Reilly suggested that an all access change room and toilet would be extremely beneficial.

**6.4 MOKARE WALK TRAIL**

Peter Boyes spoke to the condition of the Mokare Trail stating that he did not believe that any maintenance had ever been undertaken. Peter felt that a replacement path must be made with the consideration of elderly to aid with health, both mentally and physically.

Emma Riley questioned the cultural significance and the educational aspect of the trail.

Cr Osborne advised that he believed that conceptual ideas had been developed for stage 2 of the Denmark Riverside Club development, which included interpretative signage along the Mokare Walk Trail.
