

FEES AND CHARGES

Note: All fees include GST

General Material (transfer bins)

Commercial cardboard charged at 50% of these rates

Minimum Fee (up to 120L Wheelie Bin)	\$8.00
Per m ³	\$56.00

Inert Waste*

Excluding timber, steel & plastic

Minimum Fee	\$5.00
Per m ³	\$31.00

Carcass/Offal – No livestock

Minimum (e.g. cat)	\$21.00
Maximum (e.g. dog/kangaroo)	\$41.00

Hazardous Waste – Asbestos (disposal + per m³ fees)

Disposal Fee	\$112.00
Per m ³	\$46.00

Used Oil – Residential No Fee up to first 10 litres

Per litre Residential (after 10L)	\$0.50
Per litre Commercial	\$0.50

Tyres (per tyre)

Car	\$8.00
Truck/4WD	\$15.00
Tractor Small	\$25.00
Tractor Large	\$50.00

Vehicle Bodies (per vehicle)

Tyres, fuel tanks, batteries and all fluids must be removed

Trailer	\$15.00
Car	\$20.00
Truck	\$50.00
Tractor Small	\$50.00

Green Waste Commercial – Non-Contaminated

Minimum Fee	\$4.00
Per m ³	\$8.00

Green Waste Residential – Non-Contaminated

Domestic quantities Free

Fridge degassing (Green Skills Tip Shop) \$30 each

OPERATING HOURS

Denmark Waste Management & Reuse

Facility – 46 East River Rd Denmark

Normal Hours

Monday - Saturday	12:00pm – 4:00pm
Sunday	9:00am – 1:00pm

Tip Shop Hours

Monday - Saturday	12:00pm – 4:00pm
Sunday	9:00am – 1:00pm

Peaceful Bay Site

Normal Hours

Wednesday	9:00am – 1:00pm
Sunday	1:00pm – 4:30pm

Christmas/January

Mon/Wed/Fri	9:00am – 1:00pm
Sunday	1:00pm – 4:30pm

Easter Holidays

Saturday/Monday	9:00am – 1:00pm
Sunday	1:00pm – 4:30pm

Closed (Both Sites): Christmas Day
Good Friday
New Year's Day

Additional information on waste services and opening times is available at the Shire Office and on the Shires Website.

INFORMATION PAMPHLET REFUSE DISPOSAL COSTS AND RECYCLING

Denmark Waste Management & Reuse Facility

&

Peaceful Bay Site

2020/2021

As at 16 September 2020

REFUSE DISPOSAL INFORMATION

Denmark Waste Management & Reuse Facility (DWMRF) and Peaceful Bay Landfill are designed and licensed to accommodate a Transfer Station, Drop-Off Centre for Recycling, Inert Waste Landfilling, Asbestos Disposal (DWMRF) and Green Waste Disposal.

Please follow the directions of the Site Attendant/Landfill Operator and dispose of your waste in the appropriate areas. This will minimise the amount of movement of heavy equipment to clean up the area, keeping dust/earth movement to a minimum, plus creating a more efficient and cost effective operation.

In the interest of public health and safety, please make sure children and pets do not leave your vehicle.

As part of Occupational, Health and Safety and insurance guidelines, but also in the paramount interest of personal safety, the scavenging of materials at the refuse sites is not permitted.

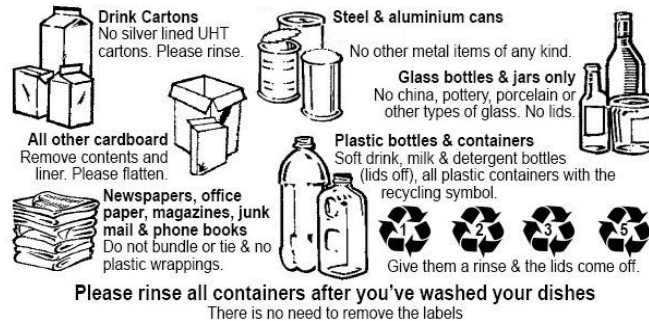

Asbestos disposal requires certain conditions be met by the Department of Water and Environmental Regulation. If you require information relating to the disposal, or a license to cart asbestos, please contact the Department of Water and Environmental Regulation or the Shire of Denmark for details. For information on the disposal of hazardous wastes, assistance may be sought from the Shire by phoning **08 9848 0356**.

Motor vehicles, white goods and fencing wire are accepted at both sites. Gas bottles must be empty and inspected by the gate attendant prior to disposal. Fridges, air-conditioning units and heat pumps must be degassed with proof provided to the gate attendant before disposal. Scrap metal dealers make periodic visits to recycle these items.

Car and truck batteries and used engine oil are accepted for recycling at DWMRF (see attendant). Please remove tyres, all fluids, fuel tanks and batteries from vehicles before disposal.

The waste disposal fee structure is designed to encourage residents to sort household rubbish prior to disposal to achieve maximum recycling. In doing so, residents will achieve cost savings and contribute to the reduction of waste to landfill.

Recycling is an integral part of the principle of reducing waste to landfill and both sites currently recycle the following items:

Note: Household batteries and fluorescent light globes/tubes can be recycled at DWMRF.

Green Skills operate the Tip Shop at DWMRF and will accept reusable items at the Site Operator's discretion. For any questions please contact Green Skills on 08 9848 3310 or visit the Tip Shop.

Consumers can help minimise the waste going to landfill and minimise the impact of increases in waste disposal fees by:

- Using of Worm Farms or Composting Bins
- Purchasing products in materials/packaging that is readily recycled and avoid highly packaged materials.
- Sorting wastes into different categories prior to disposal. (as listed below).
- Separate recyclables from general waste.

WASTE CATEGORIES

- 1. Clean Green Waste** – all vegetative material that is not mixed with any other waste type. Large logs over 200mm diameter will not be accepted.
- 2. Inert Waste (Non-Contaminated i.e. no timber, steel, plastic)** - Wastes that are largely non-biodegradable, non-flammable and not chemically reactive.
 - Clean fill which consists of rocks or soil arising from the excavation of largely undisturbed material that does not contain harmful contaminants.
 - Building and demolition waste (e.g. bricks, concrete, but excluding timber) being material resulting from the demolition, erection, construction, refurbishment or alteration of buildings or from the construction, repair or alteration of infrastructure-type development such as roads, which is not mixed with any other type of waste, and does not contain asbestos.
- 3. General Waste** – is classed as waste that has not been sorted for recycling or to go to landfill. E.g. General household rubbish and non-recyclables. Including treated timber.
- 4. Recyclable Waste** – all materials shown in the diagram before, scrap metal and inert waste that can be re-used (note: the Tip shop attendant will establish if product is re-usable or not).
- 5. E-waste** – Only the following E-Waste Items are accepted for recycling: Computers, CRT/Plasma/LCD TVs and Monitors and computer peripherals including printers and copiers

Contact the Shire for more information about waste and recycling services on **08 9848 0356** or email enquiries@denmark.wa.gov.au.
