

Saving Our Snake-Necked Turtle

CITIZEN SCIENCE PROJECT!

Join forces with Murdoch University to participate in the Saving Our Snake-Necked Turtle project.

Presented by Murdoch University

Anthony Santoro

FREE EVENT

Saturday 5th August 2023

2:30-4pm

Shire Office

Reception Room

**953 South Coast Hwy,
Denmark**

Many of the Shire's wetlands are home to populations of the snake-necked turtle which are under threat from predators, vehicles, and lack of suitable nesting habitat.

Participants will learn about turtles, the latest research, and contribute to critical citizen science using the TurtleSAT app, to help inform future management for snake-necked turtles.

For further information about the project please visit: www.SOSNT.net.au

Register to attend with Shire of Denmark
Sustainability Officer Yvette Caruso
