

Hazard Reduction Burns Peaceful Bay

Shire of Denmark Volunteer Bushfire Brigades, intend to conduct several small cell hazard reduction burn within Peaceful Bay between the months of **May - November 2025**. The scheduling of the burns is dependent on weather conditions and could be subject to change.

Each burn is expected to take one day, including mop up operations. During the burn, residents may experience periods of smoke and ash fall. Throughout the operation all tracks and trails will be closed to the public until the area has been assessed and considered safe.

The risk to properties during the burn is low. Please take the following measures:

- Close all windows and remove washing from clothes lines.
- Stay clear of fire operations.
- If you have asthma or a respiratory condition please contact us to let us know so that we can give you notice on the day to allow you to stay inside or be away from the area.
- For more information please visit the Emergency Warnings website on www.emergency.wa.gov.au
