WHAT IS THE SEED LIBRARY?

The seed library is an opportunity to:

- Share locally grown seed, season to season - locally adapted and heirloom varieties available
- Encourage people to have a go at growing produce, try new varieties and save seed for the future
- Ensure the seed collection is open to all through the library
- Raise awareness around seed issues and food production
- Be involved in your local community
- Access information from the library as you learn and grow
- The Seed Library collection has been initiated in collaboration with the Denmark campus of the South Regional TAFE organic garden - thanks!
